

## How to Download Library eBooks to Your iPad, iPhone, and iPod Touch

1. You will need to install iTunes onto your Apple device and create an iTunes account before you can download library eBooks. On your computer go to [www.itunes.com](http://www.itunes.com). In the right corner, click *Download iTunes*.

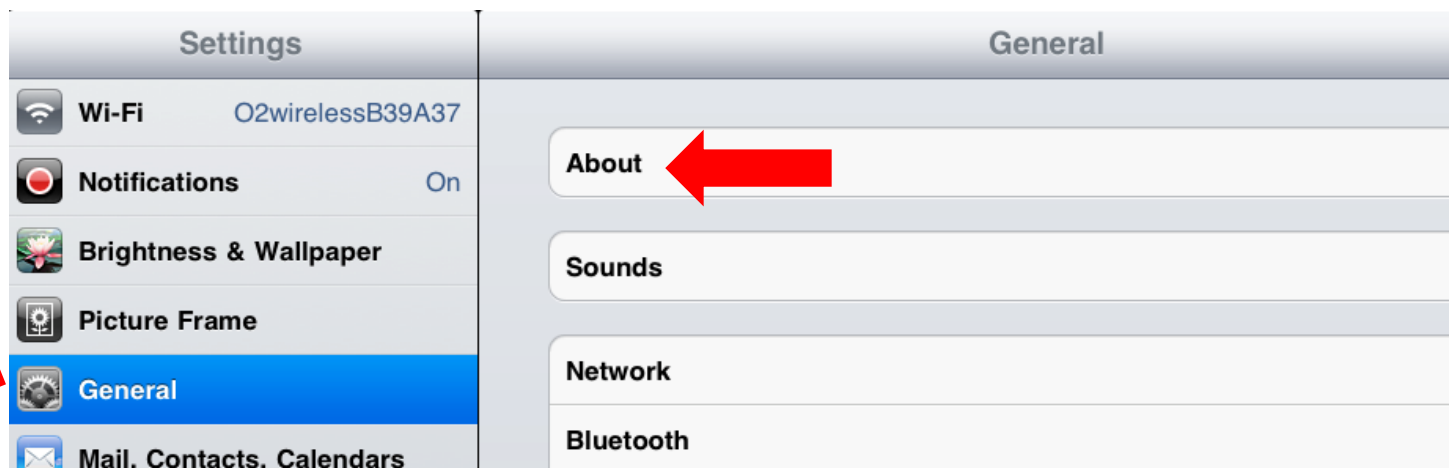

On the next screen, click *download now* and follow the directions provided.

2. Next, you must check to make sure that your iPad, iPhone, or iPod Touch is version 4.2 or higher – if it is not, you will not be able to download and use the proper app. To do this press *settings*.

3. Press *General and About*.

4. Once you press *About*, halfway down the page you will see your device's version.

5. If you have 4.2 or higher, skip to step 7. If you do not have 4.2 or higher you will have to update your device. To update, connect your device to your computer using your USB cord. Once connected, your device will appear on the left side of the screen.

6. Click *Check for Update* and follow the directions provided. This may take several minutes.
7. Next, on your device, press the App Store icon (or go to the iTunes store on your computer).

8. Type "OverDrive Media Console" into search the box.

9. Download the OverDrive Media Console app directly onto your computer or device. If you choose to download the app onto your computer, you must also upload it to your device.

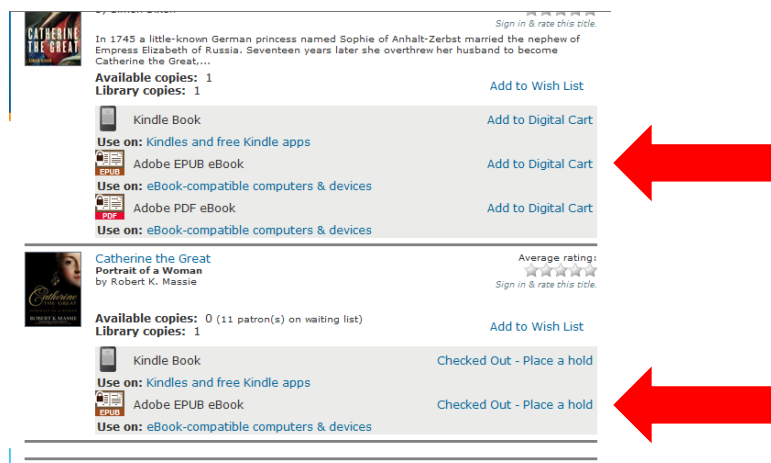

(If you wish, you can also download the Kindle app and borrow Kindle books from the library. Note that at this time only iPad users are able to complete the search, check-out, and download process directly from their device. iPhone and iPod Touch users will need to search for eBooks on a computer and send them to their Kindle app wirelessly or via USB. Please see our instructions for Kindle for more details.)

10. Once the app is on your device, touch it to open. You will be prompted to register your app with an Adobe ID. If you have an account, press *sign in*. If you do not, press *Register at adobe.com* and follow the directions. (You will only have to complete this step once.)
11. Once you have authorized your app, press *Get Books +* in the upper right corner.

12. Press *Add a website*.
13. Fill in *Find a Library* and press *search*, or browse libraries and follow directions to locate a library.
14. Once you find your library you can browse the catalog and select a book (*Add to Digital Cart*), place a hold (*Checked out - Place a hold*), or *Add to Wish List* (to keep track of books you'd like to check out in the future).

15. Make sure you've selected the right format. Select ePUB if using the OverDrive Media Console app. Select Kindle if using the Kindle app (see note in Step 9 for more details).

16. Once you have clicked on *Add to Digital Cart* you have the option to continue browsing or to checkout.

The Adventures of Sherlock Holmes  
Lending period: 21 days

|                  |                |                                      |        |

**My Digital Account Notes:**

Maximum checkouts allowed at one time on my library card: **10**  
Current number of titles checked out: **0**  
Checkouts remaining after this checkout: **9**

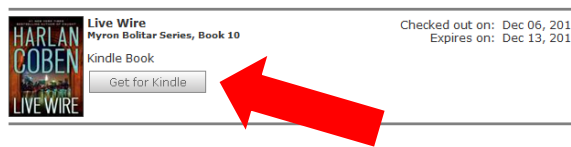

19. If checking out an ePub book, press *Download* to open the book in the OverDrive app. (If checking out a Kindle book, skip to step 23.)

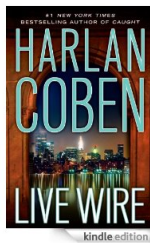

20. Your book will automatically load in the OverDrive app. Simply press the cover to begin reading.

21. If checking out a Kindle book, press *Get for Kindle*. Amazon.com will open in your browser.

22. Sign in to your Amazon account, then press *Get library book*. If you have more than one Kindle or Kindle app registered to the same Amazon account, you will be asked to choose where the book will be delivered.

### Get Your Public Library Loan

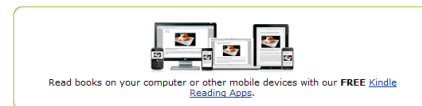

[Live Wire \(Myron Bolitar\) \[Kindle Edition\]](#)  
Harlan Coben (Author)

- Public library books require an active Wi-Fi connection for wireless delivery to a Kindle device. Library books will not be delivered via your Kindle's 3G connection.
- Kindle automatically backs up all of your notes and highlights. If you choose to purchase the book at a later date from the Kindle Store or check it out again, all your notes and highlights will be preserved.

Expiration Date: December 13, 2011
